This matter is set for the purpose of hearing on two motions. The first motion relates to Kerry Sims case - 09-10012 - motion by Bayer to quash deposition (Doc. 82) noticed by plaintiff of Mary Sita. After considerable discussion, the Court sees no undue burden on the witness or the parties and the Court will not quash the subpoena and leave is granted to the plaintiffs for this additional deposition.

The next motion is motion for protective order from Bayer in the umbrella case (Doc. 2083). Arguments presented by both sides. The motion for protective order to stay the depositions (Doc. 2083) is GRANTED. The disputed depositions are quashed. The Court defers ruling on motion to declare all documents authentic (Doc. 2088),

The Court imposes a time limitation on Ms. Sita's deposition of 3 hours. The Court orders the transcripts of this hearing pertaining to Ms. Sita be filed under seal.

The matters raised with regard to the Bradish bellwether trial (09-20021) will be addressed at a later date.
